EDUCATION

Bachelor of Technology (B. Tech) Malla Reddy Institute of Engineering And Technology

01/2025 - Present

Maisammaguda, Hyderabad

Course

- Computer science (artificial intelligence and machine learning) (AI&ML)

XII

Viswashanthi junior college

07/2020 - 06/2022

Jogulamba Gadwal

CGPA 6.9

- MPC

X(SSC)

Z P High School

04/2019 - 03/2020

Bhairapuram

Courses

- CGPA 9.5

PERSONAL PROJECTS

DATA FUSION ON INTELLIGENT TRANSPORT SYSTEM (05/2023 - 06/2023)

- Developed a **data fusion model** to integrate and analyze multi-source transportation data for real-time decision-making.
- Implemented **machine learning algorithms** to predict traffic congestion and optimize route planning.
- Utilized **sensor data, GPS, and IoT-based inputs** to enhance traffic monitoring and management.

Personal Portfolio (03/2024 - 04/2024)

- A collection of my work and skills, shared through a simple, responsive website. [<https://kjeevankumar.github.io/G1/>]

INTERSHIP PROGRAMS

Python programming

DevElet India

01/2025 - Present

Hyderabad

Developed and optimized Python scripts for data processing and automation tasks.

Achievements/Tasks

- Gained practical exposure to industry-level **coding standards, debugging, and version control**

SKILLS

Python

Java

HTML/CSS/JS

Mobile/Web Development

Machine learning

Data Structures

Leadership/ Communication/Presentation

CERTIFICATES

Introduction to artificial intelligence

UI/UX Designing using chat gpt

python For Beginners

Programming with python 3.x

Artificial Intelligence Engineer

Cambridge University English Empower

TechArea Hackathon Participation

Introduction to Data science

Generative Ai from Infosys

LANGUAGES

English

Professional Working Proficiency

Telugu

Full Professional Proficiency

Hindi

Limited Working Proficiency

INTERESTS

Problem Solving&Coding

Public Speaking

Business

Networking & Professional Growth

Reading Books

Artificial Intelligence and Machine learning
